

Hello, dear colleagues! Thanks for buying this template.

NOTE! This project has been created only for After Effects. Before starting, unzip archive!

Included:

- **Reel 1080x1920, 16s;**
- **FullHD 1920x1080, 16s;**
- **4K 3840x2160, 16s.**

It's really easy to customize:

1. Open the MinimalIntroSlideshowCollage_X.aep
2. Edit text (not delete text layer) in composition in folders "2. Edit/_Texts/"
3. Place your images in compositions "2. Edit/_Images/"
4. Settings in composition "1. Render/Slideshowl_X" layer "Settings"
5. After that - render composition "1. Render/Slideshow_X"

For more details watch the video tutorials.

Soundtrack you can find here <https://audiojungle.net/item/percussion/24918274>

Font "Akira Expanded" you can find here <https://www.dafont.com/akira-expanded.font>

That's all. Hope you like it and again - thanks for buying.
